**THIRD ANNUAL REPORT OF THE
MOJAVE BASIN AREA WATERMASTER
FOR THE WATER YEAR 1995-96**

VOLUME II

**VERIFIED EXTRACTIONS
FROM THE MOJAVE BASIN AREA
CALENDAR YEARS 1986-90 AND WATER YEARS 1993-94, 1994-95 and 1995-96**

INTRODUCTION

The provisions of Paragraphs 24 (c) and 24 (p) of the Judgment pursuant to Stipulation in Case No. 208568 provide that the Watermaster shall perform the following duties:

- 24 (c) ". . . determine the Makeup Obligations for each Subarea and Replacement Obligations for each Producer and each Subarea, pursuant to the terms of the Judgment."

- 24 (p) ". . . require each Producer to file with Watermaster, pursuant to procedures and time schedules to be established by Watermaster, a report on a form to be prescribed by Watermaster showing the total Production of such Party for each reporting period rounded off to the nearest tenth of an acre-foot, and such additional information and supporting documentation as Watermaster may require."

Paragraph 25 (b) also provides that:

"Replacement Water Assessments shall be levied against each Producer on account of such Producer's Production, after any adjustment pursuant to Paragraph 24 (q), in excess of such Producer's share of the Free Production Allowance in each Subarea during the prior Year."

Compliance with these provisions of the Judgment requires an annual accounting and verification of the actual production of surface and groundwater within the Mojave Basin Area. Included in this

Volume II is the verified accounting of such production by all parties for Water Year 1995-96. The Base Annual Production (“BAP”) for the five year Base Period 1986-90 is also included, as well as the verified amounts for 1993-94, 1994-95 and 1995-96.

Three indexes are included which provide a cross index by Owner's Name, State Well Number, and Well Verification Number. In addition, each index shows the Subarea within which the well is located and, to the extent available, the local designation for the well. Also shown is the type of notice or report filed with the State Water Resources Control Board (“SWRCB”), i.e. Recordation Notice (G), Report Pursuant to an Appropriative Water Right (A), or Statement of Water Diversion and Use (S or F). Those wells for which some type of production report is not filed are designated NF.

Table 1 in this report lists the individual wells by owner and the BAP for each well together with the year of maximum production, and the verified production for Water Years 1993-94, 1994-95 and 1995-96. Where production amounts for a well are not shown, the facility may have produced water but the amount was indeterminate due in part to a lack of power records, meter records, or the existence of multiple electrical loads.

Table 1A shows total water production for certain producers of water for aquaculture and recreational lake purposes and the allocation of such production as verified BAP and Recirculated Water Production. The total verified production and recirculated water production for Water Year 1995-96 is also shown.

Table 2 is a summary of verified owner total BAP together with the year of maximum production and the total water production by each owner for Water Years 1993-94, 1994-95 and 1995-96.

Tables 3 through 7 are summaries of verified owner total BAP and owner total production for Water Years 1993-94, 1994-95 and 1995-96 for each of the five Subareas within the Mojave Basin Area: Alto, Baja, Centro, Este, and Oeste respectively.

Table 8 is a list of party designees to receive notices under the Stipulated Judgment.

Table 9 is a list of BAP Transfers during Water Year 1995-96.

Table 10 lists the changes in ownership subsequent to the 1986-90 Base Period.

The total Verified Production by the Stipulating Parties from each Subarea within the Mojave Basin Area during Water Years 1993-94 and 1994-95 and the total Verified Production for all parties for the 1995-96 Water Year is as follows:

<u>Subarea</u>	1993-94 Verified Production by Stipulating Parties (Acre-Feet)	1994-95 Verified Production by Stipulating Parties (Acre-Feet)	1995-96 Verified Production for all Parties (Acre-Feet)
Alto	81,048	75,103	87,575
Baja	40,745	35,848	45,044
Centro	25,948	25,498	38,668
Este	8,769	8,668	9,698
Oeste	6,814	5,623	6,261
Total	163,324	150,740	187,246

NOTES:

NS = NON STIPULATING PARTY

IF A TRANSFER OF A PORTION OF AN OWNER'S BASE ANNUAL PRODUCTION RIGHT WAS APPROVED BY THE WATERMASTER, IT IS SO NOTED. IN THIS CASE THE OWNER TOTAL MAY NOT BE SHOWN FOR A SPECIFIC VERIFICATION YEAR OR THE TOTAL MAY NOT BE THE SUM OF THE VERIFIED ANNUAL PRODUCTION FOR ALL WELLS SHOWN.

* WHERE NO AMOUNT IS SHOWN, THE FACILITY MAY HAVE PRODUCED WATER BUT THE AMOUNT WAS INDETERMINATE DUE IN PART TO A LACK OF POWER RECORDS OR WATER METER RECORDS, OR THE EXISTENCE OF MULTIPLE ELECTRICAL LOADS.

** THE AMOUNT SHOWN IN PARENTHESIS IS THE ANNUAL PRODUCTION FOR CONSUMPTIVE USES INCLUDING LAKE EVAPORATION FOR THAT OWNER. THE DIFFERENCE BETWEEN THE OWNER TOTAL AND THE AMOUNT SHOWN IN PARENTHESIS IS RECIRCULATED WATER AND IS SHOWN ON TABLE 1A OF THIS REPORT.
