CASE NO.: CIV208568

**NOTICE OF MOTION AND MOTION  
FOR ORDER REQUIRING THE  
COUNTY OF SAN BERNARDINO TO  
CONSIDER ALL APPLICATIONS FOR  
PERMITS TO CONSTRUCT WATER  
WELLS WITHIN THE MOJAVE BASIN  
ADJUDICATED BOUNDARIES AREA  
AS REQUIRING DISCRETIONARY  
DETERMINATIONS; MEMORANDUM;  
SUPPORTING DECLARATION**

21 Reservation No: 987855184260

22 Date: December 4, 2023

23 Time: 8:30 a.m.

24 Dept.: 1

25 Assigned for All Purposes to Dept. 1,  
Hon. Craig G. Riemer, Judge Presiding

1     **TO ALL PARTIES TO THIS PROCEEDING AND THEIR COUNSEL OF RECORD:**

2         **PLEASE TAKE NOTICE THAT**, on December 4, 2023, at 8:30 a.m., or as soon  
3 thereafter as the matter may be heard in Department 1 of the above-entitled Court, located at  
4 4050 Main Street, Riverside, California, the Mojave Basin Area Watermaster will move, and  
5 hereby moves, that the Court Order the County of San Bernardino to consider all applications  
6 for permits to construct water wells within the Mojave Basin Area (as defined in the January 10,  
7 1996 Judgment entered in this proceed) as requiring "discretionary" determinations.

8             This motion is made on the ground that:

- 9         1.     The Court has jurisdiction over the County of San Bernardino;
- 10        2.     The groundwater in the Mojave Basin Area is depleted and over drafted -- a condition  
11     that has existed for decades;
- 12        3.     Any government action that may directly or indirectly cause a physical change to the  
13     environment is a "project" under CEQA;
- 14        4.     The issuance of permits for construction of additional water wells in this over drafted  
15     Basin may cause harmful physical environmental changes, and reduce the effectiveness of the  
16     Judgment's Physical Solution;
- 17        5.     Therefore, the Court should order the County to apply the "discretionary" determination  
18     standard to all applications for permits to construct additional water wells in the Mojave Basin  
19     Area.

20             This motion is based upon this Notice, the attached Memorandum and supporting  
21     declaration, the contents of the court's files pertaining to this action, and upon such additional  
22     evidence as may be presented at the hearing on the motion.

23     Dated: September 28 , 2023

MOJAVE WATER AGENCY

## **MEMORANDUM**

In support of its motion, the Watermaster submits this memorandum.

I.

## Introduction

Watermaster's Supplemental Report As Required By The Court's February 23, 2023 Order, filed on May 1, 2023 ("Supplemental Report"), in part, noted:

MWA understands that, until recently, the County took the position that issuance of well drilling permits is a “ministerial act” that would not allow the issuance of well permits to be conditioned upon installation of measuring devices. However, the County’s legal staff recently noted: “I would like to clarify . . . to acknowledge that . . . well permits cannot categorically be deemed as ministerial,” and, accordingly, “there is no blanket ministerial categorization” (see Exhibit 4).<sup>1</sup>

In fact, additional extractions of groundwater in this historically overdrafted groundwater basin clearly have the potential for detrimental environmental impacts. Accordingly, MWA believes **every** application for a new well permit within the Mojave Basin Area should require a "discretionary" determination by the permitting authority that all new water wells should be conditioned upon installation of approved measuring devices and a requirement that the groundwater production be reported to MWA annually.

(Supplemental Report, 9:24-10:9.)

At the June 9, 2023 hearing, following discussion of the foregoing issue raised in the Watermaster’s Supplemental Report, the Court ordered the Watermaster to file a motion specifically addressing the Court’s authority to order the County of San Bernardino to consider applications for permits to construct water wells within the Mojave Basin Area as requiring “discretionary” determinations. Thus, this motion addresses the following questions: Does the Court have authority to order the County to consider all applications for permits to construct water wells within the Mojave Area Basin as requiring a “discretionary” determination? If so, should the Court order the County to do so? For the reasons set forth below, Watermaster

<sup>1</sup> County staff had wrongly relied upon a 2018 unpublished Court of Appeal opinion which was reversed by the Supreme Court in *Protecting Our Water and Environmental Resources v. County of Stanislaus* (2020) 10 Cal.5th 479, 499, 501 [“County’s blanket classification [of all well drilling permits as ministerial] violates CEQA” and thus “plaintiffs are entitled to a declaration that County’s blanket ministerial categorization is unlawful”].

1 submits both of these question should be answered in the affirmative.

2

II.

3

**The Court has jurisdiction over the County of San Bernardino**

4 On February 8, 2022, the County signed a Stipulation for Intervention, a copy of which  
5 is attached as Exhibit 1 hereto. Therein, the County agreed “to submit to and be bound by the  
6 Judgment entered in this matter on January 10, 1996, as subsequently amended.” In its Order  
7 Pursuant to Stipulation (see also Exhibit 1 hereto), the Court conditionally granted the County’s  
8 request to intervene, stating “County of San Bernardino is hereby made a party to this action and  
9 is bound by the terms of the Judgment after Trial, dated January 10, 1996 as thereafter  
10 amended.” The Court’s Order was served on all Parties on April 18, 2022 (see Exhibit 1  
11 attached hereto). No Party objected. Accordingly, the Court’s Order became final and  
12 unconditional.

13 Thus, in this action, the Court has jurisdiction over the County of San Bernardino. As  
14 demonstrated below, the County is obligated to comply with all terms of the Judgment, and all  
15 additional terms which the Court, in its discretion, may determine are (a) necessary to carry out  
16 or enforce the Judgment, (b) consistent with the rights decreed thereunder, (c) necessary “to  
17 maximize reasonable beneficial use of the waters of the Basin Area,” and (d) necessary to  
18 protect the rights of the Parties to the Judgment.

19 To these ends, the Court also has authority to compel the County to consider all  
20 applications for permits to construct new water wells in the over drafted Mojave Basin Area as  
21 requiring “discretionary” determinations – involving at least some level of consideration as to  
22 the cumulative environmental impacts resulting from construction of additional water wells and,  
23 also, how the effectiveness of the Judgment’s Physical Solution may be affected thereby.

24

III.

25

**The Court’s jurisdiction and authority**

26 In pertinent parts, the Judgment entered on January 10, 1996 provides:

27 All Parties to the MWA cross-complaint are included in this Judgment. . . . The Court has  
28 jurisdiction of the subject matter of this action and of the Parties hereto.

1 (Judgment, 3:12-25.)

2 Jurisdiction Reserved. Full jurisdiction, power and authority are retained by and reserved  
3 to the Court for the purposes of enabling the court upon the application of any Party, by  
4 a motion notice in accordance with the notice procedures of Paragraph 36 hereof, to  
make such further or supplemental order or directions as may be necessary or appropriate  
for . . . enforcement or carrying out of this Judgment, and to modify, amend or amplify  
any of the provisions of this Judgment or to add to the provisions thereof consistent with  
the rights herein decreed . . .

5

6 (Judgment, 24:2-11)

7 The purpose of the Physical Solution is to establish a legal and practical means for  
8 making the maximum reasonable beneficial use of the waters of the Basin Area by  
providing for the long-term conjunctive utilization of all water available thereto to meet  
the reasonable beneficial use requirements of water users therein.

9

10 21. Need for Flexibility. It is essential that this Physical Solution provide maximum  
flexibility and adaptability in order that the Court may be free to use existing and future  
technological, social, institutional and economic options in order to maximize reasonable  
beneficial use of the waters of the Basin Area. To that end, the Court's retained  
jurisdiction may be utilized where appropriate, to supplement the Physical Solution.

11

12 (Judgment, 24:28-25:12.)

13 Therefore, the Court retains "jurisdiction . . . to supplement the [Judgment's] Physical  
14 Solution," and the County of San Bernardino, like all other Parties to the Action, is subject to  
15 the Judgment. Without violating the provisions of the Judgment or the Parties' rights  
16 thereunder, the Court has the authority to order the County of San Bernardino to take such steps  
17 as are reasonably necessary to provide "for the long-term conjunctive utilization of all water  
18 available . . . to meet the reasonable beneficial use requirements of water users" in the Basin  
19 Area; and, for that purpose, to make use of "existing and future technological, social,  
20 institutional and economic options . . . to maximize reasonable beneficial use of the waters of  
21 the Basin Area." That includes the authority to Order the County of San Bernardino -- as the  
22 water well permitting authority -- to consider applications for permits to construct new water  
23 wells in the significantly over drafted Mojave Basin Area as requiring a "discretionary"  
24 determination, i.e., requiring an evaluation as to whether additional water wells will cause  
25 environmental harm to the Basin or interfere with the Judgment's Physical Solution.

26

27 In this connection, the Judgment provides further that:

28 12. Production Only Pursuant to Judgment. This Judgment, and the Physical Solution  
decreed herein, addresses **all Production within the Mojave Basin Area.**

NOTICE OF MOTION AND MOTION FOR ORDER REQUIRING THE COUNTY OF SAN BERNARDINO TO TREAT ALL  
APPLICATIONS FOR PERMITS TO CONSTRUCT WATER WELLS WITHIN THE MOJAVE BASIN AREA

Because of the existence of Overdraft, any Production outside the framework of this Judgment and Physical Solution **will contribute to an increased Overdraft**, potentially damage the Mojave basin Area and public interests in the Basin Area, injure the rights of all Parties and interfere with the Physical Solution. Watermaster shall bring an action or a motion to enjoin any Production that is not pursuant to the terms of this Judgment. [Emphasis added.]

14. **Injunction Against Unauthorized Production.** Each and every Party . . . is ENJOINED AND RESTRAINED from Producing water from the Basin Area except pursuant to the provisions of the Physical Solution in this Judgment.

Watermaster respectfully submits that when the County issues permits allowing for the construction of additional water wells in this over drafted Basin, and does so without giving any consideration to the impacts on the environment and the Judgment's Physical Solution, the County violates and undermines the foregoing provisions of the Judgment. For this reason, the County must be mandated to consider all applications for water well permits in the Mojave Basin Area as "discretionary" determinations, requiring at least minimal consideration of the cumulative environmental impacts of additional water wells on this over drafted Basin, and the means by which such projects, if allowed, may be shaped so as to minimize the adverse environmental impacts and not interfere with the Judgment's Physical Solution.

#### IV.

##### **"Discretionary" determinations should be required for applications for permits to construct additional water wells in this over-drafted groundwater Basin.**

Issuance of a well permit may be either "discretionary" or "ministerial" under CEQA (*Protecting Our Water and Environmental Resources et al., v. County of Stanislaus et al.* (2020) 10 Cal.5th 479 ["Stanislaus"]). *Stanislaus* involved a challenge to that county's categorical classification of certain well construction permits as "ministerial," rather than "discretionary." Ruling the county's blanket ministerial categorization of well permit applications was improper, the Supreme Court explained:

... Any government action that may directly or indirectly cause a physical change to the environment is a "project" [under CEQA] . . . Generally, the issuance of a [well construction] permit is a project (§ 21065, subd. (c)) because it could authorize a physical environmental change. Projects can be either discretionary or ministerial actions. Unless exempted, discretionary projects require some level of environmental review; ministerial projects do not. (§ 21080, subds. (A), (b)(1).) This case involves the distinction between discretionary and ministerial projects.

///

NOTICE OF MOTION AND MOTION FOR ORDER REQUIRING THE COUNTY OF SAN BERNARDINO TO TREAT ALL APPLICATIONS FOR PERMITS TO CONSTRUCT WATER WELLS WITHIN THE MOJAVE BASIN AREA

1            . . . We hold the blanket classification of all these permit issuances as ministerial  
2            is unlawful. . . . some of county's decisions may be discretionary.  
3

(Id., at 487, emphasis added.)

4            A permit issuance decision can be discretionary or ministerial depending on the  
5            circumstances. Those terms are defined in the CEQA Guidelines. A project is  
6            discretionary when an agency is required to exercise judgment or deliberation in deciding  
7            whether to approve an activity. (CEQA Guidelines, § 15357.) It is distinguished from a  
8            ministerial project, for which the agency merely determines whether applicable statutes,  
9            ordinances, regulations, or other fixed standards have been satisfied. (*Ibid.*) Ministerial  
10          projects are those for which "the law requires [an] agency to act . . . in a set way without  
11          allowing the agency to use its own judgment . . ." (CEQA Guidelines, § 15002, subd.  
12          (I)(1).) They involve "little or no personal judgment by the public official as to the  
13          wisdom or manner of carrying out the project. The public official merely applies the law  
14          to the facts as presented but uses no special discretion or judgment in reaching a  
15          decision." (CEQA Guidelines, § 15369.)

16          (Id., at 489.)

17          . . . The "touchstone" is whether the relevant "approval process . . . allows the  
18          government to shape the project in any way [by requiring modifications] which could  
19          respond to any of the concerns which might be identified" by environmental review.  
20          [Citations.] If so, the project is discretionary. On the other hand, a project is ministerial  
21          "when a private party can *legally compel* approval without any changes in the design of  
22          its project which might alleviate adverse environmental consequences." (*Friends of  
23          Westwood [Inc. v. City of Los Angeles* (1987) 191 Cal.App.3d 259] at p. 267.)

24          . . . if the agency is empowered to disapprove or condition approval of a  
25          project based on environmental concerns that might be uncovered by CEQA  
26          review, the project is discretionary.

27          (Id. at 493-494, italics in original, bold print added.)

28          . . . any "doubt whether a project is ministerial or discretionary should be  
29          resolved in favor of the latter characterization. (*People v. Department of Housing &  
30          community Development* (1975) 45 Cal.App.3d 185, 194 . . .

(Id., at 497, emphasis added.)

31          Therefore, as noted in *Stanislaus*, issuance of a well construction permit may be  
32          governmental action that directly or indirectly causes a physical change to the environment and,  
33          therefore, is a "project" under CEQA that ordinarily would require some level of environmental  
34          review. That is particularly so in the severely over drafted Mojave Basin Area, where new water  
35          wells very likely will compound the over drafting of the Basin's groundwater. As noted in  
36          *Stanislaus*, "if the agency is empowered to disapprove or condition approval of a project based  
37          on environmental concerns that might be uncovered by CEQA review, the project is  
38          discretionary," and "any 'doubt whether a project is ministerial or discretionary should be

NOTICE OF MOTION AND MOTION FOR ORDER REQUIRING THE COUNTY OF SAN BERNARDINO TO TREAT ALL  
APPLICATIONS FOR PERMITS TO CONSTRUCT WATER WELLS WITHIN THE MOJAVE BASIN AREA

1 resolved in favor of the latter characterization.””

2 Watermaster submits that additional extractions of groundwater in the historically over  
3 drafted Mojave Basin Area necessarily raise concerns ““which might be identified” by  
4 environmental review.” Therefore, consideration of applications for additional well construction  
5 in this over drafted Basin should require a “discretionary” determination. Such level of concern  
6 is consistent with the Court’s authority under the Judgment to take all actions reasonably  
7 necessary to make “the maximum reasonable beneficial use of the waters of the Basin Area by  
8 providing for the long-term conjunctive utilization of all water available thereto to meet the  
9 reasonable beneficial use requirements of water users therein.”

10 Because groundwater within this adjudicated Basin continues to be seriously depleted,  
11 and has been so for decades, new well permitting within the adjudicated groundwater Mojave  
12 Basin Area must be deemed “discretionary.”

13 The Court has the authority to Order the County of San Bernardino to consider each new  
14 well permit application as requiring a “discretionary” determination, which would allow the  
15 County to shape new well projects by requiring, for example, installation of flow meters or other  
16 measuring devices -- in which event the County could grant the application with a mitigated  
17 negative declaration if the permit applicant agrees to the condition(s) imposed, or deny the  
18 application if the permit applicant does not.

19 Prior to issuing permits for the construction of new water wells within the Mojave Basin  
20 Area, the County also should be required to provide the following notification to all permit  
21 applicants:

22 At least 15 days before commencement of construction, applicants must file with the  
23 Mojave Water Agency a “Notice of Intent to Extract or Divert Water” on a form provided by the  
24 Agency that requires the applicant to report, among other information: (1) the location of the  
25 well site; (2) a description of the type of construction to be used; (3) the proposed uses of the  
26 extracted water, including the lands to be served thereby; and (4) the proposed date of  
construction. (See California Water Code Appendix, Section 97-39, subdivisions (a) and (b).)  
A copy of the completed notice must also be provided to the San Bernardino County  
Environmental Health Department, Well Permitting Division before a well permit may be  
issued.

27 Persons producing ten (10) or more acre-feet of groundwater annually will be bound by  
28 the January 10, 1996 Judgment entered in Riverside Superior Court action titled, *City of Barstow*  
*v. City of Adelanto et al.*, Case Number CIV 208568.

NOTICE OF MOTION AND MOTION FOR ORDER REQUIRING THE COUNTY OF SAN BERNARDINO TO TREAT ALL  
APPLICATIONS FOR PERMITS TO CONSTRUCT WATER WELLS WITHIN THE MOJAVE BASIN AREA

Persons producing less than ten (10) acre-feet of groundwater annually will be charged a Minimal Producers Fee equal to "the total variable rate to be charged per one acre-foot for replacement water for purposes of the Mojave Basin Area Judgment for the fiscal year for which the fee is charged;" the fee shall be collected the same as "annual county ad valorem property taxes imposed upon real property" and, if not paid, the fee may be collected "as a lien on the San Bernardino County tax rolls." (See Mojave Water Agency Ordinance 14.)

V.

### **Conclusion**

As a Party to this action, the County of San Bernardino is bound by the Judgment and the Court's authority thereunder to make additional Orders enforcing and implementing its provisions.

In this historically over drafted groundwater Mojave Basin Area, applications for permits to construct additional water wells require a “discretionary” determination which, among other things, would allow the County to shape new water well projects by requiring installation of flow meters or other measuring devices.

Therefore, for applications for permits to construct new water wells in the Mojave Basin Area, the Court should Order the County of San Bernardino to: (a) consider all well permit applications as requiring a “discretionary” determination as to possible adverse environmental impacts; (b) consult with the Mojave Water Agency before issuing new well permits, as to possible interference with the Judgment’s goals and objectives; and (c) provide to all permit applicants the notifications specified in paragraph “IV” above.

Respectfully submitted,

19 STIPULATION FOR INTERVENTION AND SUBMISSION TO JUDGMENT

20 Cross-Complainant Mojave Water Agency ("MWA"), acting in its capacity as the Mojave  
21 Basin Area Watermaster, and Intervening party, San Bernardino County, agree and stipulate as  
22 follows:

- 23 1. On January 10, 1998, the Court entered its Judgment after Trial in the above-entitled action.  
24 2. San Bernardino County was not previously a party to this action and thus was not bound by  
25 that judgment.  
26 3. San Bernardino County now agrees (a) to seek leave to intervene in this action and (b) to  
27 submit to and be bound by the Judgment entered in this matter on January 10, 1998, as  
28 subsequently amended.

4. San Bernardino County further stipulates to a Base Annual Production Right of 186 acre-feet (Baja Subarea).

15  
16 ORDER PURSUANT TO STIPULATION

17 Pursuant to the stipulation recited above, IT IS HEREBY ORDERED:

- 18 A. The requested leave to intervene is granted. County of San Bernardino is hereby made a  
19 party to this action and is bound by the terms of the Judgment after Trial, dated January 10,  
20 1996 as thereafter amended.  
21 B. This order is conditioned on there being no meritorious objections to the intervention. If any  
22 party to this action opposes the intervention of County of San Bernardino for any reason,  
23 that party shall file a written objection to the intervention with the Court no later than 30 days  
24 from the date that the Watermaster sends out written notice of this order.  
25 C. If any such objection is filed, the party filing the objection shall deliver a copy of that party's  
26 objection to the Watermaster no later than three court days after the filing date.  
27 D. The Watermaster shall promptly serve copies of the objection on all other parties and shall  
28 file a proof of service with the Court.

- 1           E. Upon receiving a conformed copy of an objection, the Watermaster shall request a hearing  
2           date from the Court.
- 3           F. If no objection is filed within the time specified above, then this order granting intervention  
4           and submitting the intervenor to the terms of the Judgment after Trial shall become final and  
5           unconditional without further order of this Court.
- 6           G. If an objection is filed but overruled following a hearing on that objection, then the order shall  
7           become final and unconditional upon the entry of the order overruling that objection.

## **PROOF OF SERVICE**

**STATE OF CALIFORNIA }  
COUNTY OF SAN BERNARDINO}**

I am employed in the County of the San Bernardino, State of California. I am over the age of 18 and not a party to the within action; my business address is 13846 Conference Center Drive, Apple Valley, California 92307.

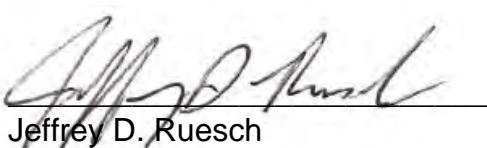

On October 2, 2023, the document(s) described below were served pursuant to the Mojave Basin Area Watermaster's Rules and Regulations paragraph 8.B.2 which provides for service by electronic mail upon election by the Party or paragraph 10.D, which provides that Watermaster shall mail a postcard describing each document being served, to each Party or its designee according to the official service list, a copy of which is attached hereto, and which shall be maintained by the Mojave Basin Area Watermaster pursuant to Paragraph 37 of the Judgment. Served documents will be posted to and maintained on the Mojave Water Agency's internet website for printing and/or download by Parties wishing to do so.

Document(s) filed with the court and served herein are described as follows:

**NOTICE OF MOTION AND MOTION FOR ORDER REQUIRING THE  
COUNTY OF SAN BERNARDINO TO TREAT ALL APPLICATIONS FOR  
PERMITS TO CONSTRUCT WATER WELLS WITHIN THE MOJAVE BASIN  
ADJUDICATED BOUNDARIES AREA AS REQUIRING DISCRETIONARY  
DETERMINATIONS; MEMORANDUM; SUPPORTING DECLARATION**

X (STATE) I declare under penalty of perjury under the laws of the State of California that the above is true and correct.

Executed on October 2, 2023 at Apple Valley, California.

Jeffrey D. Ruesch
