**TO THE COURT, ALL PARTIES, AND THEIR ATTORNEYS OF RECORD:**

Golden State Water Company (“GSWC”), through their counsel of record, respectfully submit this Errata to GSWC’s Evidence in Support of Motion to Enforce the Judgment – Volume 1 and bring to the attention of the Court and all parties that:

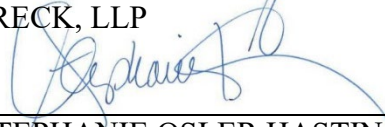

1. “Table 4-3: Components of Transition Zone Estimated Water Budget” in aquilogic Inc.’s Expert Report (GSWC 0047 and GSWC 0048) inadvertently omits certain headers and demarcations between the two tables that clarify components of the Transition Zone Water Budget and the Centro Subarea Water Budget.

2. Table 4-3 (GSWC 0047 and GSWC 0048) should be replaced with a corrected “Table 4-3: Components of Transition Zone and Centro Estimate Water Budgets” attached hereto as **Exhibit 1**. None of the data and other information contained in the corrected pages (Exhibit 1) changes from the original Table 4-3.

GSWC’s counsel apologizes to the Court and parties for any confusion caused by this error.
