RECOMMENDATIONS FOR WATER  
YEAR 2026-2027**

*[Filed concurrently with: Golden State  
Water Company's Opposition and  
Declaration of Toby B. Moore]*

Date: August 12, 2026  
Time: 10:00 am  
Dept.: 1  
Judge: Hon. Craig G. Reimer

1 I, Mackenzie W. Carlson, hereby declare:

2 1. I am an attorney duly admitted to practice before all the courts of this State and am  
3 a shareholder in the law firm of Brownstein Hyatt Farber Schreck, LLP ("**Brownstein**"), counsel  
4 of record for Golden State Water Company ("**GSWC**") in the above-captioned matter. Except as  
5 otherwise stated, I have personal knowledge of the following facts, and, if called upon to testify  
6 thereto, I could and would competently do so.

7 2. I am providing this declaration in support of GSWC's Opposition to Mojave Basin  
8 Area Watermaster's<sup>1</sup> ("**Watermaster**") 32<sup>nd</sup> Annual Report and Motion for Approval of (1)  
9 Production Safe Yield Calculations; and (2) Free Production Allowance Recommendations for  
10 Water Year 2026-2027 ("**Motion**").

11 3. I have been personally involved in tracking and documenting Watermaster actions  
12 related to the Court's October 23, 2024 Order (1) Granting the Motion to Enforce Judgment (2)  
13 Establishing a Procedure for Motions to Approve Re-Calculated Production Safe Yield; Posing  
14 Questions to be Answered by Watermaster ("**2024 Order**") and the Thirty-Second Annual Report  
15 for Water Year 2024-25 ("**32<sup>nd</sup> Annual Report**"). As part of my professional duties, I have  
16 monitored Watermaster's website, reviewed published agendas and reports, and assisted with  
17 communications with Watermaster regarding the timing and delivery of the Court-ordered plan and  
18 timeline.

19 4. On or about February 26, 2026, Watermaster posted the 32<sup>nd</sup> Annual Report to its  
20 website (<https://www.mojavewater.org/basin-management/watermaster/reports/>), and mailed  
21 notice of its availability to the parties. The 32<sup>nd</sup> Annual Report did not include the plan and timeline  
22 to improve the collection of hydrologic data required by the 2024 Order. Instead, the 32<sup>nd</sup> Annual  
23 Report stated, at page 16, that Watermaster "is working on these requirements, and they will be  
24 included in the final annual report to the Court."

25 5. On or about March 25, 2026, the Watermaster Board cancelled its previously  
26 scheduled April 22, 2026 hearing to consider approval of the 32<sup>nd</sup> Annual Report. Based on  
27

28 <sup>1</sup> The Mojave Water Agency serves as the Mojave Basin Area Watermaster.

1 information and belief, the hearing was cancelled citing uncertainty over the hydrologic base period  
2 for the Production Safe Yield (“PSY”) and Free Production Allowance (“FPA”) calculations  
3 pending a Court determination on then-pending hydrologic base period motions.

4 6. By email dated April 24, 2026, I, on behalf of counsel for GSWC, requested that  
5 Watermaster’s counsel provide a status report regarding the timing of delivery of the Court-ordered  
6 plan and timeline to improve hydrologic data collection. I did not receive a response to this request.  
7 A true and correct copy of the April 24, 2026 email is attached hereto as **Exhibit A**.

8 7. On or about June 17, 2026, Watermaster published the agenda for its June 24, 2026  
9 Board hearings, which included adoption of the proposed FPA for 2026-27 and acceptance of the  
10 32<sup>nd</sup> Annual Report. I reviewed the published agenda on or about June 17, 2026. Neither the  
11 published agenda nor the 32<sup>nd</sup> Annual Report posted to the Watermaster’s website contained the  
12 Court-ordered plan and timeline.

13 8. Based on information and belief, on June 22, 2026, at approximately 4:35 p.m.,  
14 Watermaster distributed the Technical Memorandum from Robert C. Wagner, P.E. Watermaster  
15 Engineer to the Watermaster re “Plan to improve collection of hydrologic data and consideration  
16 of Golden State Water Company’s Recommendations” (“**Tech Memo**”) to Toby B. Moore, PhD.  
17 with GSWC. The Tech Memo is 39 pages long and links to 427 additional pages of Watermaster  
18 Engineer’s technical memoranda. This distribution occurred fewer than 48 hours before the  
19 scheduled June 24, 2026, 4:30 p.m. Watermaster Board of Directors (“**Board**”) meeting during  
20 which the Board planned to consider adoption of the proposed FPA for 2026-27 and acceptance of  
21 the 32<sup>nd</sup> Annual Report. Sometime thereafter, Watermaster staff posted a separate link to the Tech  
22 Memo to the Watermaster’s agenda item related to acceptance of the 32<sup>nd</sup> Annual Report.

23 9. On June 24, 2026, my colleague, Stephanie Hastings, submitted written comments  
24 on behalf of GSWC on the Tech Memo and requested additional time to work with Watermaster  
25 on the Court-ordered plan and timeline. A true and correct copy of the written comments submitted  
26 at the June 24, 2026 hearing is attached hereto as **Exhibit B**.

27 10. On or about June 24, 2026, at or about 4:30 p.m., the Watermaster Board held public  
28 hearings and adopted the proposed FPA for 2026-27 and accepted the 32<sup>nd</sup> Annual Report. I

1 attended the June 24, 2026 hearing on behalf of GSWC and offered oral comments directing the  
2 Board to consider Ms. Hastings' comments in their deliberations. Based on my review of the  
3 Board's agenda and attendance at the Board meeting, it is not clear whether the Board accepted the  
4 Tech Memo as part of the 32<sup>nd</sup> Annual Report.

5 11. On or about July 6, 2026, I reviewed Watermaster's (a) Notice of Lodging of the  
6 Thirty-Second Annual Report of Mojave Basin Area Watermaster, Water Year 2024-2025 ("**Notice  
7 of Lodging**"); (b) Motion for Approval of (1) Production Safe Yield Calculations, and (2) Free  
8 Production Allowance Recommendations 2026-2027; and (c) 32<sup>nd</sup> Annual Report, dated July 6,  
9 2026, and posted to the Watermaster website here: [https://www.mojavewater.org/basin-  
10 management/watermaster/reports/#docaccess-8b06fe087e718e8bd57c47bc60536444](https://www.mojavewater.org/basin-management/watermaster/reports/#docaccess-8b06fe087e718e8bd57c47bc60536444). The Tech  
11 Memo was now "attached" to the 32<sup>nd</sup> Annual Report. Based on information and belief,  
12 Watermaster did not serve the Parties with the Board's accepted 32<sup>nd</sup> Annual Report as the Notice  
13 of Lodging does not contain the accepted 32<sup>nd</sup> Annual Report.

14 I declare, under penalty of perjury, under the laws of the State of California, that the  
15 foregoing is true and correct.

16 Executed on July 22, 2026 at Santa Barbara, California.

**Cc:** Hastings, Stephanie  
**Subject:** 2024-25 Annual Report - Hydrologic Data Collection Plan and Timeline

Lee,

Good to see you on Monday.

Can you point me toward the location of the hydrologic data collection plan and associated timeline that the Court ordered Watermaster to prepare for Watermaster's 32<sup>nd</sup> Annual Report for Water Year 2024-25? (See October 23, 2024 [Order](#), pp. 1-2.) I do not see it included in the Draft Annual Report posted on the Watermaster's website. If it is not available yet, will it be published and discussed as part of the upcoming hearings on the FPA, PSY and Annual Report?

Thank you,

***Mack Carlson***

RE: **Draft Thirty-Second Annual Report of the Mojave Basin Area Watermaster  
(Agenda Item 7) - Compliance with Court's October 23, 2024 Order**

Dear Board of Directors:

On behalf of Golden State Water Company ("GSWC"), we write regarding the Mojave Basin Area Watermaster's ("Watermaster") posting of the Court-ordered hydrologic data collection plan ("Plan") for review in connection with the draft Thirty-Second Annual Report of the Mojave Basin Area Watermaster ("32<sup>nd</sup> Annual Report"). GSWC appreciates the Watermaster's efforts to publish the Plan for public review, and we look forward to collaborating on a robust plan to improve the collection of hydrologic data for better management under the Judgment.<sup>1</sup>

However, due to the timing of the Plan's release and the procedural concerns outlined below, GSWC has not had sufficient opportunity to fully review and analyze the Plan's recommendations for hydrologic data collection or assess its compliance with the Court's October 23, 2024 Order ("Order"). Accordingly, while GSWC does not object to the Watermaster's 32<sup>nd</sup> Annual Report at this time, GSWC respectfully preserves its objections based on the procedural deficiencies described herein and reserves the right to supplement this initial comment letter on the Plan with substantive comments, which will be submitted in advance of the Court hearing.

The Order, among other things, requires that the Watermaster:

4. To recommend **a plan to improve the collection of hydrologic data** that would be relevant to calculations of PSY in the future. In doing so, to consider the recommendations contained in Section 6.0 of the report of Anthony Brown which marked Exhibit 1 to [GSWC's] motion filed 9-5-24, except that paragraph 4 on page 32 (GSWC 34) is modified to read: "Based on results from the above, Watermaster should determine whether Producers in Alto have met, are currently meeting, and in the future are likely to continue to meet their obligations under the Judgment."

---

<sup>1</sup> References to the Judgment refer to *City of Barstow, et al. v. City of Adelanto, et al.* (CIV208568).

5. To recommend **a timeline** by which the recommended plan could reasonably be implemented.

6. **To include both the plan and the timeline in the Watermaster's 32nd Annual Report**, i.e., for Water Year 2024-2025.

(Order, pp. 1-2 [emphasis added].) Before filing the annual report with the Court each year, Watermaster "shall notify all Parties that a draft of the report is available for review and shall provide notice of a hearing to receive comments and recommendations for changes in the report." (Judgment, ¶ 24(k)(1); see also Watermaster Rules and Regulations, § 21.) Watermaster also is required to distribute the report to any party requesting copies. (Judgment, ¶ 24(k)(1).)

By ordering Watermaster to include the Plan in the 32<sup>nd</sup> Annual Report, the Court clearly intended for Watermaster to follow its standard notice and comment opportunities procedures for the annual report as outlined in the Judgment and Watermaster Rules and Regulations.

GSWC understands that Watermaster has now posted the Plan for review as of June 22, 2026. However, given that the Watermaster hearing on the draft 32<sup>nd</sup> Annual Report, including the draft Plan, is June 24, 2026, there has been insufficient time for GSWC and other parties to the Judgment to meaningfully review and comment on the Plan. The draft 32<sup>nd</sup> Annual Report initially posted on February 25, 2026 did not contain the required Plan, instead stating that "Watermaster is working on these requirements, and they will be included in the final annual report to the Court."<sup>2</sup> (See Watermaster, 32<sup>nd</sup> Annual Report, at p. 16.) While GSWC acknowledges that the Watermaster has been focused on other matters related to the draft 32<sup>nd</sup> Annual Report and the PSY/FPA Recommendations,<sup>3</sup> Watermaster had approximately two years to prepare the Plan under the Order and received an extension to its normal annual report adoption process. Accordingly, GSWC is concerned that the Plan was not made available with adequate time for public review and comment as contemplated by the Order, Judgment, and Watermaster Rules and Regulations.

GSWC remains committed to working collaboratively with the Watermaster and other parties to the Judgment on a long-term hydrologic data collection plan that will support implementation under the Judgment. The Court-ordered Plan is an important roadmap for Watermaster and the parties to evaluate hydrologic data collection activities and improve long-term management under the Judgment. To that end, GSWC respectfully requests that the Watermaster allow additional time for parties to review the Plan and provide substantive input on the Plan before finalizing it as part of the 32<sup>nd</sup> Annual Report.

---

<sup>2</sup> An inquiry from our firm to Watermaster's legal counsel regarding this posting the draft Plan on April 24, 2026 went unanswered.

<sup>3</sup> GSWC acknowledges that although the Watermaster's annual report is generally filed on June 1 as required by its Rules and Regulations, the Court approved a stipulated schedule for the Production Safe Yield and Free Production Allowance calculations on May 6, 2026.

In the meantime, GSWC offers the following preliminary comments on the draft Plan:

1. The Plan does not incorporate Recommendation 3 of the Expert Report of Anthony Brown, stating that Mann-Kendall (MK) analyses of water levels should be conducted for the Alto Subarea, Centro Subarea, and Transition Zone for several variables in addition to time.
2. The Plan does not adequately analyze options for improved surface hydrologic modeling approaches, such as Upstream Tech's products, where surface water measurements are impractical and unavailable.
3. The Plan should incorporate a framework and timeline for installation of hydrologic monitoring equipment that facilitates Regional Mojave Basin Model refinement over time.

GSWC reserves the right to supplement this letter with substantive comments on the Plan, which will be submitted promptly following completion of our review.

Thank you for your consideration. GSWC appreciates the Watermaster's continued efforts and looks forward to a productive dialogue on these important matters.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stephanie Osler Hastings", with a long, sweeping underline.

Stephanie Osler Hastings
